

## Macleod Jubilee Will be Aided By The Ladies of Macleod

At the executive meeting of the Macleod Jubilee organization held on Wednesday afternoon it was decided to enlist the aid of the Macleod and district women in the big historical pageant to be staged on July 1st, 2nd and 3rd. It is a foregone conclusion that the fair sex of Macleod and district will respond nobly to the call. A meeting is called by the organization on Wednesday, May 7th, at 8 o'clock p.m. for the purpose of organizing a Women's Auxiliary in aid of the Jubilee.

Voluntarism correspondence from Dominion wide and American sources speaks volumes for the interest in this great historical event is creating and is an augury of its ultimate successful culmination. The Jubilee has assumed proportions of a national character. The historical aspect has intrigued Dominion wide interest and our American cousins in multitudes are also figuring to be at Macleod on this great occasion as shown by correspondence here.

Macleod Jubilee received another big boost Thursday night, when Com-

missioner Bryan, of the Alberta Provincial Police, accompanied by A. S. Ducloux, representing large film corporation, met the managing committee of the Macleod Jubilee, and offered their assistance in making this celebration one of the greatest in Canada.

Commissioner W. C. Bryan, addressing the committee, suggested the following outline for the filming of what is to be the finest historical event ever depicted by the camera. The main features, consisting of the marching of N. W. M. Police into Macleod, 50 years ago, the surrender of Fort Whop-Up; the treaty with the Blackfoot Indians; packhorse outfits and mule teams; whiskey traders and their escapades; Indians as they were and as they are today; the coming of the C. P. R. to Western Canada, including the trouble with Pound Maker, chief of the Blackfoot, who tried to stop the building of the road and camped on the right-of-way, and moved by the Mounties; scouting parties and patrols of the police; trading posts of the early days; Indian celebrations and dances; the shooting of the first settler in Southern Alberta; scenes of old Fort Macleod; bull trains; the shooting by Charcoal of Sgt. Wilde, of the N.W.M.P., and his subsequent arrest and execution; the coming of the first settlers and their advancement; cattlemen moving back to give way to farming community; the arrival of the first white women and who they were; the murder of Grayburn, the old ex-mountain policeman; buffalo barbecue, and other notable events. Most of the film scenario will be

taken from Capt. Cecil Denny's new book, with a possible title for the picture, "The Birth of Western Canada." The author, who is himself an old-timer and ex-mountie, will personally attend the Macleod Jubilee and take part in its programme.

Commissioner Bryan is acting on behalf of the Mounted Police Veterans' Association, and also in the interests of Macleod, his old home town, and where he was stationed when in the Mounties.

In the opinion of the committee, and also Commissioner Bryan, unless the filming of these events were not taken up at once, perhaps no other such opportunity would offer itself. Confirming the remarks of the commissioner, Mr. Ducloux stated that the Macleod Jubilee and the filming of the events mentioned would be the largest thing ever placed on the silver sheet, and that it would be real history, and not fiction, thus giving to the world for the first time the true history of the North West Mounted Police and their times.

### BEER PRICES

Calgary, April 29.—Although the meeting of Alberta brewers which took place in Calgary on Tuesday was not completed at 2 o'clock this afternoon, it was stated that the delegates had practically decided on the tariff as follows:

For bottled beer, \$23.00 per barrel; for draught beer \$25.00 per barrel, these prices being what the hotels will pay.

Private consumers will pay:

Case of two dozen pints, less 60c for bottles, \$4.75; net price \$4.15.

The decision of the brewers means that the hotelmen have decided to sell beer for 15 cents for a 12-ounce glass, two for 25 cents, or 10 cents for an eight-ounce glass.

### BIG FOUR HAVE ACCEPTED REPARATIONS PLANS

Paris, April 26.—The replies of the four big allied powers to the reparations commission's communication regarding the experts' report all accept the committee's findings wholly.

France alone raises the question of procedure, while Italy categorically declares the report to be "an indivisible whole" which should be taken in its entirety, without condition or qualification.

### CARD OF THANKS

Mr. and Mrs. George Welch wish to thank all kind friends for sympathy extended to them during their bereavement.

Mr. and Mrs. H. Vorge and family left for Calgary this week where they will in future reside.

Would-be Contributor—You sit or every joke I send to you.

Editor—That is so, but I wouldn't if there was any point in them.

## Hard Liquor Price Slightly Higher Than That in B. C. Stores

R. J. Dinning, liquor commissioner, announced on Monday that the price of hard liquor charged at Alberta vendor stores under the new act would be from 15 to 25 cents more than the price now in effect.

In the opinion of the committee, and also Commissioner Bryan, unless the filming of these events were not taken up at once, perhaps no other such opportunity would offer itself. Confirming the remarks of the commissioner, Mr. Ducloux stated that the Macleod Jubilee and the filming of the events mentioned would be the largest thing ever placed on the silver sheet, and that it would be real history, and not fiction, thus giving to the world for the first time the true history of the North West Mounted Police and their times.

### Scotch

Johnnie Walker, black label—B. C., \$5.25; Alberta \$5.50.

Johnnie Walker, red label—B. C., \$4.50; Alberta \$4.75.

White Horse (Imp. quarts)—B. C., \$6.50; Alberta \$6.75.

Draught Whisky—B. C., \$4.00; Alberta, \$4.25.

### Irish

Jameson's—B. C., 4.50; Alberta, \$4.75.

Burke's (Imperial)—B. C., \$6.50; Alberta, \$6.75.

### Rye

G. and W. Special—B. C., \$3.50; Alberta, \$3.75.

Corby's Special—B. C., \$3.00; Alberta, \$3.25.

### Brandy

Hennessey's and Martell's—B. C., \$4.25; Alberta \$4.50.

### Gin

Gordon's Dry—B. C., \$5.00; Alberta, \$5.25.

Under the prescription system the Alberta government now charges \$5.75 for standard brands of Scotch, \$4.25 for dry gin, \$3.75 and \$4.00 for reputed quarts of rye, \$5.25 for reputed quarts of Irish, and from \$4.50 to \$6.75 for brandy.

### Mr. Dinning's Statement

Mr. Dinning said the Alberta price would be higher than the B. C. price just to the extent of the additional freight on liquor from the Pacific seaboard to Calgary and Edmonton, plus the cost of country deliveries, on which the Alberta vendors will pre-pay charges.

### First Official Indication

This is the first official indication that has been given of the prices contemplated by the government.

Mr. Dinning stated that the government had a large supply of liquor in that way can be reached the largest audience. Thousands of people who might be repelled by a too scientific or melodramatic presentation of this theory, will flock to see "The Love Charm," and get their information sugar-coated. If you are not interested in the subconscience you'll see a corking good story, and never know there's any information there.

"The Love Charm" will open a two day run next Wednesday at the Empress Theatre.

"BOOTH TARKINGTON HAS GIVEN US A WONDERFUL STORY," SAYS HOM MEIGHAN

If Thomas Meighan were a candidate for a public office he probably would lose. He is a man more popular than he is decently at the Paramount Long Island studio, where he made his latest picture, "Pied Piper Malone," an original story by Booth Tarkington.

The hand shakers were not voters. far from it. They were fifty youngsters, ranging from one year to ten years of age and every morning there was a regular procession of kiddies bringing greetings of the day to their favorite. Some shook hands but some were more fortunate and received a kiss on the cheek and a big hug—especially the blue-eyed girls—from Mr. Meighan.

The children were just as big favorites with Mr. Meighan as he was with them. They followed him around the studio in complete adoration, which he returned with equal enthusiasm. The popular star is literally their "Pied Piper" in the picture.

"I am never so happy as when working with children," said Mr. Meighan as he tutored away a group of his admirers. "They are so unassuming and so natural. They are a wonderful influence on everybody connected with the picture. We all work just like one big family and even if it is a little harder work we like it. Booth Tarkington has given us a wonderfully human story to make. It is packed with heart throbs, human interest, and romance. There is certainly a joy in working in such a story."

"Pied Piper Malone" opens a two days' run at the Empress Theatre next Monday. Lois Wilson, leading woman, heads the strong supporting cast, which includes George Fawcett, Cyril Ring, Charles Stevenson, Joe Burke and a host of others. Alfred Green directed the production. Tom Groggity wrote the scenario.

"DEACON DUBBS" At Empress Tuesday, May 13

The following from the Lethbridge Herald speaks well for the "Deacon Dubbs" Comedy to be presented at the Empress Theatre, Macleod, on Tuesday, May 13th.

"Of course it was inevitable that the subject should be presented on the screen, and we feel that it is a good testimony to the up-to-dateness of Realart that we are the first to do it—though not seriously."

In "The Love Charm," Harvey O'Higgins has demonstrated in a fascinating way the influence which symbols have upon the subconscious mind in causing us to do the things

of which afterward we say, 'I don't know why I did that!'

"And we have done it through the medium of comedy-drama, because in that way can be reached the largest audience. Thousands of people who might be repelled by a too scientific or melodramatic presentation of this theory, will flock to see 'The Love Charm,' and get their information sugar-coated. If you are not interested in the subconscience you'll see a corking good story, and never know there's any information there."

"THE OLD ORDER CHANGETH"

Premier Macdonald and his con-  
tender—We serve anybody; sit  
to London to discuss Indian affairs.  
"The old order changeth" and the  
British always seem to be among the  
first to recognize the trend of modern  
thought.  
Two hundred years ago, Mohandas  
Gandhi would have been shot for  
daring to life up his voice against the  
will of Westminster.  
Even three years ago, he was  
thrown into jail for it.  
But today he is being asked to  
London to "talk things over."  
If Mr. MacDonald has accomplished  
nothing else than to instill the idea  
of "talking it over" into foreign and  
colonial relationships, his term of  
office will have been productive of  
real good.

**WEAPONS WE DO NOT USE**  
Tennessee man claims to have in  
his possession the stone that David  
used to kill Goliath some 2925 years  
ago.  
It is an interesting weapon, but it  
is doubtful if it will do its Tennessee  
owner much good.  
The average man has in his head  
just about a million times as many  
brain cells as Socrates, Plato, Shake-  
speare or Goethe ever used. But they  
can't do what Socrates, Plato, Shake-  
speare and Goethe did.  
It is better to use our own little  
second or third-rate weapons well  
than make our bid for fame on pos-  
session of weapons too great for us  
to use.

**WHY WOMAN DRINKS**  
Wealthy New York manufacturer  
refuses to contribute to the building  
fund of a woman's college because  
he says women drink too much, smoke  
too much, paint too much and dance  
indecently.  
He blames it all on women's suf-  
frage.  
By some peculiar process of think-  
ing, women's suffrage might be blam-  
ing the smoking, painting and  
dancing.  
But the drinking comes from an-  
other source entirely.  
No matter whether woman's  
psychology has undergone a change  
in the past ten years or not, the real  
reason why more women drink today  
is because prohibition has driven  
liquor out of men's public drinking  
places and into homes.  
Until human morals arrive at a  
point where the average man is will-  
ing and able to do without strong  
liquor, he will get strong liquor with-  
out the consent of the law.  
Deprive him of the right to get a  
little alcohol legally and a chance to  
drink it in a legal place, and he will  
carry the worst kind of alcohol-  
concoction into his home to the  
ultimate debauchery of himself and  
his family.

**DO NOT TRY THE  
WATCH TEST**  
Can You Hear?  
Place watch to ear then draw  
away. You should hear tick at  
16 inches. Does a ringing in your  
ears prevent your proper hearing?  
**LEONARD EAR OIL**  
relieves both Head Noises and Deaf-  
ness. Just rub it back of ears and  
insert in nostrils. Price \$1.25  
For Sale Everywhere.

**Our Personal  
Guarantee  
to All Skin Sufferers**  
You have our absolute guarantee of  
relief from the first bottle of D. D. D.  
Your money will be returned without a word  
if you do not feel the first bottle did not stop  
that itch, did not soothe and cool that over-  
tired skin, did not make you feel like a new  
man. You close the book.  
We have watched the action of this standard  
medical discovery on the skin of hundreds  
of cases and we know. And if you are not  
crazy with itching or pain, you will not foolishly  
crave the moment you apply this moth-  
er, cooling wash.  
We have made that friends of more than one  
sufferer here and there, and we want you to  
try it now on our positive money guarantee.  
Price 35c per bottle. Try D. D. D. today.  
R. D. McNAY

**WHY WOMAN DRINKS**  
Wealthy New York manufacturer  
refuses to contribute to the building  
fund of a woman's college because  
he says women drink too much, smoke  
too much, paint too much and dance  
indecently.  
He blames it all on women's suf-  
frage.  
By some peculiar process of think-  
ing, women's suffrage might be blam-  
ing the smoking, painting and  
dancing.  
But the drinking comes from an-  
other source entirely.  
No matter whether woman's  
psychology has undergone a change  
in the past ten years or not, the real  
reason why more women drink today  
is because prohibition has driven  
liquor out of men's public drinking  
places and into homes.  
Until human morals arrive at a  
point where the average man is will-  
ing and able to do without strong  
liquor, he will get strong liquor with-  
out the consent of the law.  
Deprive him of the right to get a  
little alcohol legally and a chance to  
drink it in a legal place, and he will  
carry the worst kind of alcohol-  
concoction into his home to the  
ultimate debauchery of himself and  
his family.

**VICE IS DULL**  
Boston is waging a campaign  
against "snappy" magazines, and  
has barred about a dozen of them  
from public stands.  
As a result, "magazine boot-  
leggers" are making a handsome  
profit out of the illicit sale of these  
volumes, and it is estimated that the  
total sales of the banned publications  
have actually increased in Boston.  
The banning of prurient literature  
is always poor business, because it  
makes that literature interesting.  
Anything forbidden is interesting.  
Vice is itself a hideously dull.  
There is nothing more painfully  
boreome on earth than a book or  
short story that is frankly dirty.  
Virtue's strongest armor is the  
ugliness of vice.  
If you want to make a man a con-  
firmed lover of good literature, pass a  
law that will force him to wade  
through, eight or ten volumes of  
piffing filth.  
**HALF MILLION DOLLAR'S  
WORTH OF STOLEN  
BONDS RECOVERED**  
Revelations of the discovery of  
treasure trove, estimated to be in the  
neighborhood of half a million dollars,  
recovered by the police through the  
help given by "Smiling Johnny"  
Reed, were disclosed in the court on  
Saturday morning when the self-  
confessed bandit came up for sen-  
tence. He was let out on suspended  
sentence to come up before the  
court within two years. During the  
three weeks he was set at liberty he  
gave valuable aid to the police in  
unearthing bonds and securities cashed  
by the bank bandits to whose gang  
he belonged in the robberies of banks  
in Alberta, Saskatchewan, Manitoba,  
and British Columbia.  
Will Run To Half Million  
As far as can be accurately gauged,  
bonds and securities, as far as the  
police know at present, running to  
over a quarter of a million have been  
recovered. But it is taken that these  
when thoroughly looked into, will  
total half a million. A large number  
of the securities are wet and stuck  
together through the effects of damp  
and earth in the places where they  
had been buried. These have yet to  
be dried and straightened out before  
their values can be ascertained and  
before they can be allocated to the  
various banks from which they were  
stolen.  
The Victory bonds recovered were  
all intact, as, being negotiable, the  
bandits took care to place them in  
sacks, while the remainder of the  
hoard were placed in gunny sacks and  
deposited in holes dug in the ground  
and in the beds of creeks.  
\$45,000 Victory Bonds Burnt  
It was found that 45,000 worth of  
Victory bonds had been burnt by the  
bandits, who became stampeded on  
hearing that Reed was giving  
information to the police. Of this  
sum \$18,000 belonged to the bonds  
stolen from the Royal Bank at Lad-  
ner, B. C. The police fully believe  
this to be true, and have every faith  
in the statement made by Reed who  
was accompanied by the various cash-  
es by the police. During the three  
weeks he was set at liberty Reed  
made two visits to Minneapolis in  
search of the stolen securities.

**SUCCESS**  
Sapleigh—I made a perfect fool of  
myself today.  
Miss Keen—How nice! I was sure  
you'd make something of yourself  
if you kept on trying.  
Cynthia—"How is your husband?"  
Dorothy—"I haven't seen him for  
five years. I think I must have said  
something to annoy him."

**McLAUGHLIN-BUICK**  
MASTER FOUR 24-37  
A luxurious car at  
a moderate price

**LOW in Cost and Upkeep**  
—yet elegant and comfortable  
NEW in every particular, yet strictly  
McLaughlin-Buick in character, the  
1924 McLaughlin-Buick Master Four  
five-passenger Sedan fully exemplifies  
McLaughlin-Buick's policy of building greater  
satisfaction into its cars with each succeed-  
ing year. Moderately priced, everything that  
could be asked for is present—fine appear-  
ance, comfort, power. Its new Fisher-built  
body, new frame, fenders and radiator, ra-  
diator filler-cap, aluminum running-boards,  
bumper—its powerful McLaughlin-Buick  
valve-in-head motor—its sturdy, proved  
Four-Wheel Brakes, all contribute to that  
greater measure of utility that the world  
has come to expect in "Canada's Standard  
Car".

Alberta Cattle For Japan  
For the purpose of testing out the  
possibilities of the market for Al-  
berta livestock in Japan, a shipment  
of 28 steers and cows, and two horses  
was made this week from Edmonton.  
The shipment is being made under  
the personal direction of H. A. Craig,  
Deputy Minister of Agriculture, who  
will accompany it to Japan, and while  
there will investigate the possibilities  
for a market for various classes of  
Alberta products. The cattle ship-  
ment is made up of 14 head each of  
steers and cows, weighing from 1200  
to 1450 pounds each, and made up of  
selections of Shorthorns, Herefords  
and Aberdeen Angus chiefly. Most  
of the cattle were bought on the Ed-  
monton stock yards, while three head  
were fed at Olds agricultural school  
and five at Athabasca demonstration  
farm. One grade Clydesdale mare  
and one grade Percheron mare are  
also in the shipment. The trial ship-  
ment is made as a result of arrange-  
ments made by Hon. Geo. Hoadley  
through Edgar Nobles, formerly of  
Edmonton, now representing several  
Alberta firms in Japan.  
Alberta's Grain Case  
Representations by Alberta Gov-  
ernment on behalf of Alberta grain  
producers regarding facilities at the  
port of Vancouver are to be made at  
the session of the grain commission  
to be held at Vancouver shortly. The  
province is being represented by G.  
Van Allen, and J. D. O. Mothersill,  
who some time ago made special  
investigation for the Alberta Gov-  
ernment and Edmonton Board of  
Trade into the situation at Vancouver.  
Leaves For British Exposition  
Hon. Geo. Hoadley, Minister of  
Agriculture, who has been appointed  
special commissioner to represent Al-  
berta at the British Empire Exposi-  
tion, as guest of the Dominion Gov-  
ernment, left for England this week.  
He will spend some time at the Ex-  
position in behalf of this province,  
and will also visit several places in  
the British Isles. Mr. Hoadley will  
have with him a set of motion pic-  
tures recently compiled on Alberta,  
and will also have other publicity  
material. He will also probably visit  
the continent in the interests of im-  
migration to Alberta.  
Car Order Point  
Edmonton will be made a car order  
point of the Canadian National rail-  
way under an order to be issued dur-  
ing this week according to informa-  
tion which S. Thompson, grain in-  
spector has received from officials of  
the board of grain commissioners at  
Winnipeg.  
Natural Resources Conference  
Premier Greenfield and Attorney  
General Brownlee will resume  
negotiations with the Dominion Gov-  
ernment at Ottawa, regarding the  
transfer of the natural resources, on  
May 9 next.  
Grain From Peace River  
Shipments of grain from the  
Grande Prairie and Peace River dis-  
tricts over the E. D. and B. C. during  
the past season have totalled 2,471-  
000 bushels of wheat and 1,700,500

**Save Fuel in Cooking**  
The illustration shows an interesting test you  
should try in your own kitchen. It proves the  
superiority of good enameled ware for cooking  
purposes. Take an SMP Enameled Ware Sauce  
Pan, and a sauce pan of equal size made of alu-  
minum, tin or other metal. Into each pour a quart  
of cold water. Set both sauce pans over the fire.  
The water in the SMP Enameled Ware Sauce Pan  
will be boiling merrily in about five minutes, while  
the water in the all-metal sauce pan will come to  
the boil in about eight minutes—three minutes  
longer. Save fuel in cooking. Use  
**SMP Enameled WARE**  
"A Face of Porcelain and a Heart of Steel"  
Three Sizes: Pearl Ware, two coats of peaty-grey  
enamel inside and out. Diamond Ware, three coats, light  
blue and white outside, white inside. Crystal Ware, three  
coats, pure white inside and out, with Royal Blue design.

**Big Gas Well Discovered**  
A huge flow of gas, estimated at  
anywhere from 15,000,000 to 20,000-  
000 cubic feet daily, has been struck  
in the well drilled near the in-  
ternational border south of Lethbridge,  
by the Rogers Imperial Well of the  
Canadian Oil and Refining Co.  
Refinery at Lethbridge  
Gasoline was turned out for the  
first time last week from the refinery  
of the Standard Refining Co. at  
Lethbridge.  
Honey in South Alberta  
According to a statement of W. H.  
Fairfield, of the experimental farm  
at Lethbridge, about four tons of  
honey were produced in the Leth-  
bridge district last year. Hives at  
the experimental farm averaged 200  
lbs. a week.

**RED CROSS CLASSES**  
In accordance with the decision of  
the Central Council of the Canadian  
Red Cross to take further steps to  
assist the women of Canada to gain  
a more extended knowledge of Home  
Nursing and Home Hygiene, the  
Alberta Division makes the following  
announcement:—  
The instruction given in Home  
Nursing and Hygiene by the Red  
Cross is for the purpose of enabling  
women to better care for their sick  
ones at home, and to carry out more  
intelligently the Doctor's instruc-  
tions in cases of serious illness. It  
must be clearly understood that it is  
not intended to qualify students to  
practice for remuneration, all  
students should be impressed with the  
necessity of summoning properly  
qualified medical and nursing aid for  
serious illness.  
Any group of women wishing to  
take these classes should communi-  
cate with the local Red Cross Sec-  
retary, or write direct to the Provincial  
Office, Beveridge Building, Calgary.  
The organizing nurse attached to the  
Provincial Office staff will visit the  
district for the purpose of getting  
touch with those desirous of receiv-  
ing instruction. It is expected that  
instructors will be found locally to  
take charge in the district. The course  
of instruction is one of 12 periods  
part of each period a brief lecture

**ERADICATION OF WILD OATS**  
Wild oats will not germinate ex-  
cept during the spring and early  
summer, they will not germinate on  
top of the ground nor below a depth  
of three or four inches and they will  
not germinate in soil deficient in  
moisture and wild oats will retain  
their vitality in soil for several years.  
These are the facts on which must be  
based the methods of treating land  
infested with wild oats. To treat  
wild oats they must be induced to  
germinate and this can only be done  
in the spring within the top three  
inches of soil.  
As early as possible in the spring  
harrow the infested area and leave  
until the wild oats plants show above  
the ground which may be any time  
between the first and fifteenth of  
May, depending upon the season.  
Plough then to a depth of three or  
four inches and sow barley and oats  
for green feed. Few wild oats are  
likely to appear in this crop. If during  
the previous season, the land has  
been shallow ploughed or double  
discd after the crop was taken off,

## GOVERNMENT LIQUOR CONTROL ACT OF ALBERTA

Public notice is hereby given that the undersigned intends applying to the Alberta Liquor Control Board for a License to sell Beer by the glass, or open bottle, for consumption in conformity with the provisions of the Government Liquor Control Act of Alberta, and regulations made thereunder, with respect to the following premises:

Empire Hotel situated on lot 27, Corner of 15th St. and 2nd Ave., Macleod, Alberta, the proposed beer salesroom entrance from Second Avenue.

Dated at Macleod, Alberta, this 1st day of May, 1924.

Swinerton & Grier.

Applicant.

9-17

## NOTICE

NOTICE IS HEREBY GIVEN that a Petition has been presented to the Council of the Town of Macleod, under the Provisions of the Early Closing Act, praying for the passing of an Amendment to the Early Closing By-law No. 338, of the Town of Macleod.

All retail shops, stores and other places where any mercantile business is carried on within the Town of Macleod, SHALL BE CLOSED FOR SERVING CUSTOMERS BY ORDINARY OR AUCTION SALE OR OTHERWISE, at the hours of six o'clock on all days, except Wednesdays and Saturdays, and shall be closed at thirty (30) minutes past ten o'clock on Saturdays, and every day next preceding a legal holiday and shall in all cases remain closed until the next morning, and in case of Saturdays until the next Monday morning.

NOTICE IS HEREBY FURTHER GIVEN that objections to the Petition presented to the Council praying for the passing of such Amendment to said By-law, on the ground that said Petition is insufficiently signed or otherwise affecting the validity or sufficiency thereof, must be filed with the Secretary-Treasurer on or before the 31st day of May, 1924, and if no such objections are filed before the said date, the Council will forthwith proceed to pass the said Amendment to the Early Closing By-law.

E. Forster Brown.

Secretary Treasurer.

9-31

## SCHEDULE "A"—MORTGAGE SALE

Pursuant to the Order of His Honor J. A. Jackson made the 28th day of April A. D. 1924 in a certain action wherein The Excelsior Life Insurance Company is Plaintiff and Francis Verne B. Killoran is Defendant the following lands and premises situate lying and being in the Province of Alberta and more particularly described as follows: The North East Quarter (N.E. 1/4) of Section Four (4) in Township Seven (7) Range Twenty-five (25) West of the Fourth Meridian in the Province of Alberta subject to the reservations in the existing Certificate of Title will be offered for sale by public auction on Tuesday the 20th day of May A.D. 1924 at two o'clock in the afternoon at the Court House in the Town of Macleod in the Province of Alberta: THAT on the property there is said to be the following improvements: a one-roomed shack, barn, granary, well and pump and about two miles fencing, the said improvements being valued at about \$1000.00. FURTHER PARTICULARS may be had from the Auctioneer or the undersigned Solicitors: SHEPHERD, DUNLOP & RICE, Lethbridge, Alberta, Solicitors for the Plaintiff herein. R. L. HACKETT, Esq., Auctioneer, Macleod, Alberta.

9-31

## A SUPPLY OF DAIRY COWS FOR WESTERN CANADA

At a conference called by the Dominion Minister of Agriculture at Ottawa to discuss ways and means of improving the dairy cattle industry, important information was given out respecting sources of supply of dairy cows for Western Canada. Dr. Grisdale, the Deputy Minister, informed the meeting that, following a request from the West to admit dairy cows and heifers from the United States free of duty, an investigation had been made with regard to the advantages or disadvantages of such a procedure. The investigation proved that large numbers of both heifers and cows were available for purchase in the Province of Ontario and Quebec. Suitable cattle could be purchased for as low as \$40 for fairly promising young stock, up to \$100 for high class cows. By taking advantage of a policy for assisting the transportation of cattle of this class, operated by the Live Stock Branch of the Department, Eastern Ontario cattle could be landed in the Western Provinces much more cheaply than if they had been purchased in the middle western States and brought in duty free.

Other speakers, including the Minister of Agriculture, Hon. W. R. Motherwell, showed that it was quite unnecessary to purchase expensive cows when going into dairy farming. It has been proved time and time again that by starting with very ordinary cows, by good feeding and the use of improved males, a high producing herd can soon be developed. Dr. Grisdale referred to work that had been done at one of the Experimental Farms in connection with the grading up dairy stock. Inferior calves were taken in hand, fed on an ordinary diet without grain and then raised to milking age. Although these calves had been secured on farms where only very low milk yields were produced, there were found among individuals that by good feeding gave as high as 7,000 and 8,000 pounds of milk in a year. The offspring of these scrub cows, by males of high producing stock turned out to be profitable dairy cows.

During the discussion it was strongly urged that communities in Eastern Canada having available stocks of dairy bred heifers, should advertise the fact in every possible way throughout the West.

## LIKELY TO DISALLOW MINERAL TAX ACT OF THIS PROVINCE

Ottawa, April 28.—(Canadian Press.) Disallowance of the Alberta statute imposing a tax on mineral rights is forecast unofficially here. Application for disallowance of the statute has been before the government for some time, but no decision has yet been reached. It is understood. The government has until May 20 to deal with the application. Objections to the tax have been raised by the Canadian Pacific Railway company, the Hudson Bay company and various land companies in the province of Alberta. It is understood the view here is that the statute is ultra vires of the Alberta legislature.

## HOME BANK TRIALS IN FAIL

Toronto, April 28.—Directors and officials of the Home Bank of Canada appeared before Mr. Justice Lennox in the criminal assizes today, being remanded to the autumn assizes and bail was renewed. The proceedings were brief.

D. L. McCarthy, K. C., special crown prosecutor, following a conference with provincial legal authorities, intimated last night that the defendants would not be tried at the spring assizes.

The man that invented tinsel knew human nature fairly well. Appearances only too often are accepted as character.

"WHEN THE PAPER DOESN'T COME"

## "WHEN THE PAPER DOESN'T COME"

My father says the paper he reads ain't put up right; He finds a lot of fault, too, he does, perusing it all night; He says there ain't a single thing in it worth while to read, And that it doesn't print the kind of stuff the people need; He tosses it aside and says it's strictly on the bum, But you ought to hear him holler when the paper doesn't come.

He reads about the wedding and he snorts like all get out; He reads the social doin's with a most derisive shout, He says they make the papers for the women folks alone; He'll read about the parties and he'll fume and fret and groan; He says of information, it doesn't have a crumb, But you ought to hear him holler when the paper doesn't come.

He is the first one to grab it and he reads it plumb clean through, He doesn't miss an item, or a want ad—that is true; He says they don't know what we want, the darn newspaper guys; "I'm going to take a day some time and go and put 'em wise," "Sometimes it seems as though they must be deaf and blind and dumb," But you ought to hear him holler when the paper doesn't come.

You will find oil in any old place in the U. S., particularly at Washington

## HOMEMAKER'S CORNER

(Conducted by Miss Alice L. Webb, State College of Washington.)

### Measles

In a case of measles, the first thing appears to have taken a cold. He will sneeze, have a catarrh in the head and cough. His eyes are reddened, appetite poor, and he usually has a fever. Three or four days later a rose-colored rash appears on his face and neck, later spreading to his chest, arms and legs.

At the first symptom the child should be put to bed in a darkened room, or with his back to the light, on account of the inflammation of his eyes. Plenty of fresh air should be allowed to enter the room, and the temperature kept at about 70. All other children should be kept from the room or house if possible, as nine out of ten will take this disease if exposed. If children remain well 14 days after exposure they will probably escape. As a rule the disease appears between 7 and 14 days after exposure.

Do not bathe the child while sick with measles, or permit him out of bed, no matter how well he feels, until the rash is all gone. This may not be for 5 to 7 days. Care in this point avoids complications. It is a careless mother or nurse who will expose a sick child to "hardening" it, regardless of bronchitis. She may later find him with a fatal pneumonia.

### Two Molasses Candy Recipes

No. 1.—Boil a quart of molasses, 1 1/2 cups water and a tablespoon of butter until crisp when tried in cold water. Stir in 1 1/2 teaspoons of soda. Pour in buttered tins, and when cool enough to handle, pull.  
No. 2.—Melt a tablespoon of butter in the spider, pour in 3 cups molasses and boil till crisp. Stir in a teaspoon of soda and pour onto buttered plates to pull when cool enough. If the butter is melted first the candy seldom boils over. This requires very little boiling.

### Hats—How to Wear Them

Some say that when a woman fails to change the way she does her hair for ten years, she has lost interest in life, says Mrs. Nellie B. Jacobs at the State College of Washington, who teaches the millinery classes. Whether this is true or not, no woman can expect to continue to dress her hair as she did in the '90's and be able to wear the hats of today becomingly. One does not necessarily need to bob her hair, but it is well to find a happy medium between the extremes, that will suit your personality and not be conspicuous.

Many women, after they are 30 or 40 years old, have adopted a certain hair dress which they never think of changing. Naturally it is hard for some of them to find a becoming and well-fitting hat, as a certain style of hair dress usually precedes a new style of hat, or the new mode of hair dress predicts the style of hat to be worn.

For example, bobbed hair requires a small, close fitting hat, while the high hair dress of twenty years ago demanded a high crown. Fashion usually requires that a hat be worn at a certain angle. The hat with a straight brim or slightly rolled brim should be worn just above the eyebrows; a hat with one side rolled higher than the other should be worn with a slight tilt to emphasize this uneven brim. It isn't the hat so much as the way it is worn that makes it becoming or otherwise.

A hat should be chosen with regard to your age, environment and needs, and worn with a regard for your friends.

### Caramel Jelly

Melt a heaping tablespoon of gelatin in two tablespoons of cold water, add the juice and grated rind of half a lemon, 3 tablespoons of granulated sugar, a pinch of ground cinnamon, a teaspoonful of sugar burned brown (for the caramel flavor), a few grains of salt, and a cup of boiling water (in cold weather add four more tablespoons of the boiling water.) Stir and strain and set away on ice to harden. This makes a delicious dessert with whipped cream piled on top.

### Clothes Lines

Clothes lines are of different kinds, and may be either stationary or movable. The stationary lines are usually of galvanized wire convenient because always up, but require cleaning each time they are used if smoke or dust can reach them. They are more expensive than rope lines. A rope line should be taken down each time after using, and kept in a lean, dry place, away from dust and washed occasionally. It should not be left out in the rain.

The line should be within easy reach of the one doing the washing, but the clothes must be kept off the ground. For this reason, a pole to raise the line in the center is necessary. A clothes line arranged on a pulley will be found very convenient in bad weather, as the laundry can then hang the clothes without going off the porch.

### THE TRUTH

An Englishman tells this one: "Henry," asked the teacher of a rosy-faced lad, "can you tell me who George Washington was?" "Yes, sir," was the quick reply. "He was an American general and president." "Quite right. And can you tell me what George Washington was remarkable for?" "Yes, sir. He was remarkable because he was an American and told the truth."

## FANNING MILLS AND HOW TO USE THEM

The points to observe in fanning seed grain are: first, proper air blast; second, right size and combination of sieves; third, right speed; and fourth, running the grain evenly and thinly over the screens.

The wind supply or air blast in all machines is provided to remove as much of the lighter seed and chaff as possible. If the air blast is not sufficiently strong, the chaff and pieces of straw will find their way back into the sample, while if the blast is too strong, some of the good grain may be blown out. The air blast also serves the purpose of keeping the sieves clean of the lighter material thus allowing them to do more efficient work. A trial of the air blast should be made with each new lot of seed to be cleaned in order to see that the correct amount of air is being supplied.

It also may be found necessary to change or reajust the sieves to get the best results. A good assortment of sieves is imperative and a test should be made with different types before undertaking to clean seed in order to ascertain those capable of doing the best work. The top sieves should be large enough to allow the seed to pass through, the remainder of the sample, such as chaff and pieces of straw, running over the top and out at the end of the mill. Sometimes it is expedient to deliver the good grain at the back of the mill instead of at the usual feed point in order to get rid of a certain impurity that cannot otherwise be removed. The lower sieve or sieves should be large enough to allow the weed seeds or broken kernels to escape but fine enough to carry the good kernels over the top. If wild buckwheat is present, a sieve with triangular 8-64 inch holes or slightly bigger will be found a handy one to have.

The following sieves will be found useful for the cleaning of seed grain: WHEAT AND BARLEY.—The upper sieve should be a zinc or tin perforated sheet with twelve, thirteen or fourteen sixty-fourth inch holes. The lower sieve should be either a perforated zinc sheet with eight or nine sixty-fourth inch holes or should be square woven wire mesh eight by eight or nine squares to the inch, or long woven wire mesh two by nine, two by ten, or two by eleven squares to the inch.

OATS.—Upper sieves: zinc sheets with slots seven, eight or nine sixty-fourth inch wide by three-quarter inch long. Lower sieve: zinc sheets with slots one-tenth to one-thirtieth inch wide by one half inch long. The feed should be adjusted to allow a thin, even flow of material over the top sieve, with no crowding. A larger quantity of impurities is removed when the grain travels slowly over the sieves than when running quickly over them.

The makers of good fanning machines are always willing to give their advice as to what sieves to use. Should any particularly problem arise and in case of trouble, it is often advisable to send a pound sample of the seed to be cleaned to the fanning mill manufacturer for suggestions as to sieves.

### CONSERVATION OF LIVE STOCK

Numbers of breeding cattle, sheep and unfinished steers of feeder quality have been saved from immediate slaughter and given increased value through what is termed the Car Lot Policy of the Live Stock Branch of the Department of Agriculture at Ottawa. In his annual report, the Hon. W. R. Motherwell, Minister of Agriculture, points out that up to the end of December a year ago, 88,024 steers, 70,332 heifers, and 40,000 sheep that would otherwise have been slaughtered at stock yards have been retained either for feeding or breeding purposes. This policy provides for the payment by the Live Stock Branch of the reasonable travelling expenses of farmers who purchase animals in car lots at central stock yards and take them to their farms. In Eastern Canada the assistance rendered is confined to the purchase of female breeding stock. In Western Canada the policy covers

stocker and feeder cattle in addition to the breeding stock. The assistance given is not available for stock being purchased with speculative intent. This conservation of breeding stock was effected at a cost of 59 cents per head for cattle and slightly over 48 cents per head for sheep.

### NO IMPROVEMENT

A corn syrup manufacturing company received the following letter: "Dear Sirs—I have ate three cans of your corn syrup and it has not helped my corns one bit."

### CAN HARDLY REALIZE HOW MUCH BETTER SHE FEELS

Mrs. Sutill's System Quickly Responds to Corrective Properties of Drecto and She Feels Better Than For Years. "I really cannot express how much better I am feeling since taking Drecto" are the enthusiastic words of Mrs. E. Sutill of 10419—107th Ave., Edmonton, Alta. "For two years past I have suffered from weak kidneys, a sluggish liver and chronic constipation. I had terrible pains in my back and my limbs ached day and night so that it was difficult for me to go up and down stairs. I was nervous and my sleep was badly broken. "Drecto however is rapidly overcoming these troubles and I feel like a new woman already. The pains in my back and limbs have been greatly relieved, my bowels are regular and my appetite fine. "I have taken many other remedies without result and am all the more glad therefore to endorse Drecto. Many a man and woman is suffering needlessly from the very ailments that Drecto is especially prepared to relieve. Take Drecto and let it restore your stomach, liver, bowels and kidneys to normal health and activity. This safe, reliable tonic is purely herbal and contains no mercury, potash or habit forming drugs. Drecto is being specially introduced in Macleod by A. D. Ferguson, and is sold by a good druggist everywhere.

## Another PRICE Suggestion Biscuits, Buns and Rolls

### DR PRICE'S CREAM Baking Powder

**BISCUITS** What suggests. So tender they fairly melt in the mouth, and of such glorious flavor that the appetite is never satisfied. These are the kind of biscuits anyone can make with Dr. Price's Cream Baking Powder and these unusual recipes: (All measurements for all materials are level.)  
2 cups flour  
4 teaspoons Dr. Price's Baking Powder  
1/2 teaspoon salt  
1/2 cup milk or half milk and half water  
Sift together flour, baking powder and salt, add shortening and rub in very lightly; add liquid slowly to make soft dough; roll or pat out on floured board to about one-half inch in thickness (handle as little as possible); cut with biscuit cutter. Bake in hot oven 15 to 20 minutes.  
**CINNAMON BUNS**  
2 1/2 cups flour  
1 teaspoon salt  
4 teaspoons Dr. Price's Baking Powder  
1/2 cup milk or half milk and half water  
1 egg  
1/2 cup water  
2 cups sugar  
2 teaspoons cinnamon  
4 tablespoons melted raisins  
Sift flour, salt and baking powder to milk and add slowly to dry ingredients stirring until smooth. Knead lightly on floured board and roll out 1/2 inch thick. Cut with biscuit cutter. Grease each side with back of knife one side of center. Butter the small sections and fold larger part well over the small. Place one inch apart in greased pan. Allow to stand 15 minutes in warm place. Brush each with melted butter and bake in moderate oven 15 to 20 minutes.

### PARKER HOUSE ROLLS

4 cups flour  
1 teaspoon salt  
6 teaspoons Dr. Price's Baking Powder  
3/4 cup milk or half milk and half water  
Sift flour, salt and baking powder to milk and add slowly to dry ingredients stirring until smooth. Knead lightly on floured board and roll out 1/2 inch thick. Cut with biscuit cutter. Grease each side with back of knife one side of center. Butter the small sections and fold larger part well over the small. Place one inch apart in greased pan. Allow to stand 15 minutes in warm place. Brush each with melted butter and bake in moderate oven 15 to 20 minutes.

GET THE HABIT -- PAY CASH -- AND SAVE MONEY

BOOST FOR THE BIG JUBILEE JULY 1st, 2nd, 3rd

### LOCAL AND PERSONAL NEWS

Lloyd Lumbie, of Claresholm, visited Macleod during the past week.

Roy V. Grier, of Calgary, was the guest of Mr. and Mrs. D. J. Grier on Wednesday and Thursday of this week.

Mrs. N. E. Pletch and son Bobbie, are the guests of Mr. and Mrs. W. R. Morrison. Mrs. Pletch is a sister of Mr. Morrison.

R. W. Stewart, who is now working out of Lethbridge as traveling salesman for the Western Canada Hardware Company, spent Sunday last at his home in Macleod.

J. Hicks, Barrister, was in Calgary on Tuesday attending the Appellate Division of the Supreme Court representing the respondent, Thomas Linder, in the appeal by the Crown against the order made by Judge Simmons in January last, quashing the conviction against Linder made last December.

The card party and dance to be given Friday, May 2nd, by the Ladies Hockey Club Auxiliary is the first benefit for Macleod's Jubilee to be put on by any local organization. The proceeds are to be contributed to the Jubilee fund and the Jubilee organization wishes it understood that this function is endorsed by them. Come all ye faithful to Macleod's interests and help swell the fund in the interest of Macleod's Great Historical Celebration.

Fire Completely destroyed a frame residence situated on Twenty-seventh street Macleod, early Tuesday morning. Two days previously the house was vacated by the owner and a tenant was moving in, had not the fire occurred. The property was owned by T. Tobison, and carried no insurance. The fire brigade turned out very smartly as soon as the alarm was sent in, but the house had been burning some considerable time and the brigade could do nothing except to keep the flames from spreading to other buildings. The cause of the fire is unknown.

A. D. Ferguson was in Calgary on Tuesday and Wednesday of this week on business in connection with the Macleod Jubilee.

What might have been a serious accident was averted by the crowding of the brakes on a Ford by Dr. Farnet, who was turning at the corner of 3rd Ave. and 24th St., as two children, with their mother, were on the sidewalk, and as the doctor approached one of the children ran into the street in front of the car, which was stopped only as the tire of the front wheel touched the child's dress. While the doctor was on his side of the street, and had warned them of his coming, by his horn, it was only by forcing down his brakes that an accident was prevented.

The Agent and Staff of the Blood Indian Agency have now taken up their residence in their new quarters situated on the south end of the Reservation within a few miles of Cardston. The new agency buildings are all completed there is the office, the Agent's house and the Clerk's residence, with stables, barns and storehouses. The old buildings will be torn down and the material used for future building and repairing work on the reserve. Agent Fount and J. T. McMillan, the clerk with their new quarters last week.

A double tragedy occurred last week at the home of Mr. and Mrs. Geo. Welch when the death occurred within 12 hours of their two children Harry aged 9 years and Barabara aged 6 years. It appears the children had only been sick a few days previous to their demise, and the medical authorities could not determine the cause of death. The boy died at 7 o'clock in the morning of Thursday last, and the girl passed away 12 hours later. From all appearances the deadly disease was diphtheria, as both the victims suffered from sore throat and heavy discharge from nose and ears and mouth. The sympathy of the district is extended to the unfortunate family in their very sad double bereavement.

### EASTER MILLINERY

We will have a showing of the very newest styles for Easter week.

Have just received our spring supply of Stamped Goods—be sure and see them.

**MISS A. M. WILSON**

At the Anglican Church on Sunday Evening last the Bishop of Calgary conducted confirmation service. There were seven candidates for confirmation, five girls and two boys. His Lordship preached a very interesting sermon telling the candidates and the congregation the great importance of being admitted to the Church. A large congregation attended and the service was one of the brightest held in Macleod. In the morning the Bishop held confirmation services at St. Paul's Indian Mission when a large number of candidates both Indian and white were confirmed. A very large congregation was in attendance and listened with great attention to His Lordship's address on the confirmation service. The Rev. S. Middleton presented the candidates for the laying on of hands.

#### BASE BALL FANS ORGANIZE

Baseball players met at Dr. Kirk's office on Fri. night, April 25. After the regular routine business of the annual meeting, such as passing the minutes, and financial statement be-

ing completed, a discussion of the season's program was taken up. It was decided to form three teams in town, thus making a home league which is preferable for practice, and the training of the school boys who are coming into the play. The High school boys have already begun practicing for the season, and may give the seniors a close run for who makes the most runs during the season. The members are looking for good support from many who in the past have been unable to give assistance. The election of officers for the year were:

Honorary presidents, W. H. Shiel, M.L.A., and Mayor McDonald; with Dr. Kirk as president; Ray Baker vice-president; secretary-treasurer N. Kirk; executive, F. Butler, G. C. Raitt, Ross Purcell, Alex. McLeod and F. Staines; manager Joe Marks.

#### MACLEOD METHODIST CHURCH

Geo. D. Armstrong, B.A., Minister

#### Sunday Services

11 a. m. "The Christian Way of Living." Communion Service.  
2:30 p. m. Sunday School "Israel in Exile."  
7:30 p. m. "The Scepticism of Jesus."

Rev. G. D. Armstrong will preach at both services.

#### ROYAL VOICE DIDN'T GET BEYOND BRITAIN

London, April 24.—The effort to have the voice of King George heard round the world as he delivered the speech in opening the Wembley exhibition yesterday failed of success, according to reports from radio enthusiasts throughout the empire. Some ten million of the king's subjects in the British Isles heard his voice, while the cabled message circled the globe along all the British cable routes and was returned to the king's temporary throne in the big exhibition stadium in eighty seconds. The royal voice itself, however, did not carry beyond the British Isles. The amateur radio fans in Canada, Africa, Australia and India listened vainly for the royal accents.

It's a hard world; and by the time a man gets old and prosperous enough to sleep late, he wakes up at 4 a.m.

EMPRESS SPECIAL MON. & TUES. ALSO FELIX COMEDY ONE SHOW ONLY

#### ODDFELLOWSHIP'S GREAT SERVICE

Sunday evening the I. O. O. F. members attended church in a body in the Methodist church, where Rev. G. D. Armstrong preached to them from the text, "Pure Religion and Unfeigned."

"This order, as I have seen it, has carried out the meaning of the text, and we have visions of the past, and look into the future with great hope, that the order will live and continue to help those in need. Yours is a great privilege, to minister to others. The Rebekahs date back almost to the age of Abraham, and they, too, have been a blessing to many. It is such principles as your orders carry that will help eventually to bring about the peace of the world, through the League of Nations. High ideals only can come from living up to your order. Leadership is what the world needs today. Your orders will supply these, and as children of one Great Father we will learn that great hearts grow one in work."

The Rebekahs accompanied the brethren. Special music was given by the choir, and Mrs. Brewster's solo, "At the Foot of the Cross," was sweetly rendered.

#### WELL KNOWN SHIRE STALLION SOLD

George Welch, of Macleod, recently purchased the Shire stallion, Alberta's Conqueror, from T. A. Murphy, Didsbury, who has used this sire for a number of years. He was originally imported from England by Tom Rawlinson, of Innisfail, Alberta, and was sired by the noted horse, Conqueror 19th, the winner of the first and champion, Peterborough Show, 1912, beating the afterwards champion London Show winner, Rickford Coming King. Alberta's Conqueror's dam took first, Royal Lancashire Show, and was sired by the London winner Mohammed. Mr. Welch is to be congratulated on his purchase, and this horse should produce some excellent heavy drafters in the Macleod district as he has done in the district he has just left.

#### FOREST RANGER'S COOK BOOK

(Recipes after U. S. Forest Service) Fire Pudding

Take a liberal slice of our timber-covered mountains, sprinkle liberally with auto campers (be sure and get as many careless ones as possible), garnish well with tailor-made cigarettes and bake and brown with unextinguished camp fires.

#### Hot Cakes

Take a hunter out of season, an angler without a license and a camper without a fire permit. Put one game warden and one forest ranger and stir until well mixed. Place in the Justice Court. Remove the officers and season the balance with judicial advice and bake in the county jail for 30 days.

#### Angel Food Cake

Take 1 dozen careful campers, 1 dozen law-abiding hunters, and 1 dozen licensed anglers, place in shady camp, where all cans and refuse have been buried, mix with one ranger, sprinkle with interesting songs, stories, and jokes, and serve during summer evenings.

#### Hot Buns

Get a nice plump city dude who has just thrown a cigarette butt into dry brush, cover with arrest, shake off all excuses, get a commitment (Judges' brand preferred), and let him boil 90 days in the county jail. If very tough, boil for a longer period.

#### Perfection Pie

Take 2 cattlemen and liberal supply of campers. Have cattlemen drive cattle to camp ground and salt. Have campers dog cattle away from salt and water. Mix with personal opinions and serve separately with Irish temper to forest officers.

#### Fire Prevention Pie

Take a nice shady camp, a nice cold spring, a happy family, a camp fire permit, a careful smoker, and mix with common sense, season with others, and serve them, boy, with every kindness possible.

## REACH & COMPANY, LTD.

DRY GOODS, BOOTS & SHOES, CLOTHING, ETC.  
GROCERIES AND PROVISIONS  
FRUITS, VEGETABLES, SALADS  
CONFECTIONERY

WELCOME OUR VISITORS TO THE MACLEOD JUBILEE

Smack your lips for Fresh Strawberries—we will have them. Crisp Head Lettuce; Celery; Cukes; Radish and Spring Onions; Cauliflower; Spinach; New Cabbage; Asparagus; and other new arrivals to come.

FRUITS—OF EVERY KNOWN VARIETY — FRUITS  
The Easter assortment of Fancy Fruits, Animals, Eggs and Poultry is very realistic—all kinds of animals, birds, beasts, wild and domesticated—Rabbits, Figs, Horses and Cows. Easter Eggs in Chocolate Candy—Eggs of all colors. Imitation Carrots, Radishes, Spring Onions, Cucumbers—and so realistic—they would deceive a bee.

CHILD'S EASTER & SUMMER HATS

Mothers often buy their own hats, and the children have to wait, so we thought of them first. Little boys' in Tweed and Straw. Men's Felt and Straw—a large variety.

GOSSARD CORSETS

We have decided to stock these popular makes. This company makes a specialty of front lacing only—the firm prophesies that all will be wearing the front lace. Everything is in favor of it—but to please all—you can have the Bias Corset in back lacing.

HEATHER LADIES' HOSE

We have a beautiful Clox Hose left, and will clear out at Cost. But you must see that latest Mercury creation in Hose. Mercerized, Cashmere, Silk and Wool, and Pure Silk; in sponge, fawn, mouse, brown and black, at \$1.25 per pair.

WELLSVILLE NEWS

Miss Alison Roberts, who has been attending school in Calgary, spent the Easter holidays with her parents, Mr. and Mrs. James Roberts, at Hazelmere.

Edgar Skelding, who is attending Western Canada College, Calgary, spent Easter holidays with his parents, Mr. and Mrs. A. Skelding of Macleod.

Miss Eva Reid, who is attending school in Calgary, spent Easter holidays with her parents, Mr. and Mrs. W. J. Reid, of Macleod.

Jack MacBeth spent the Easter holidays with his aunt and uncle, Mr. and Mrs. Elbert Wells.

An actress fell dead while singing a jazz song to the accompaniment of a saxophone. The darned thing must have back-fired.

Foker players find it hard to understand why golfers have so much trouble getting into a hole.

#### PLANT WINDOW BOXES FOR THE JUBILEE

We can supply plants to fill the boxes, and will arrange them for you if desired.

Orders for trees and shrubs must be in this month.

#### K. A. Y. Realty Co.

Agents for the MUTUAL LIFE INSURANCE COMPANY OF NEW YORK

Phone 269, Macleod

#### TENNIS SHOES

The "LIFE BUOY" shoe is without doubt the best rubber-soled shoe made in America. The "Basket Ball" model will outwear leather soles because the rubber is pressure-cured.

Youths \$2.75  
Boys \$3.00  
Mens \$3.50
